

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election WITHOUT the opposition to present their perspective on what has become of OUR USA is against everything that America stands for.

As a registered conservative in NYS I fought hard for the conservative view to be right there along side of Liberal views so that the public would be able to see in perspective and make informed decisions. I have not seen either film but I feel that it is imperative that both sides in this election are represented. Say what you will about Richard Nixon but I still feel that he was one of our finer presidents.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Before we are Republicans, Conservatives, Democrats, etc., we must ALL see ourselves as AMERICAN'S.

I implore you to reconsider this decision of yours without a balanced representation of eof each candidate. What I would have preferred to hear from John Kerry was why he felt so stong about the Viet Nam war to make the stand thathe did.

These are our grandchildren on that battlefield that is absolute quicksand.

Respectfully,
Mr. Philip Gurrieri
